

High Pressure Draincleaning

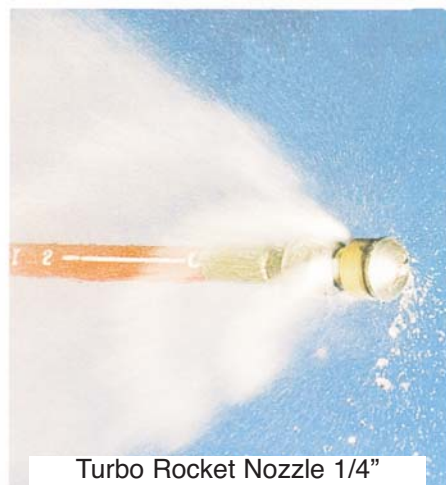

No more congestions by dirt, grease or sand

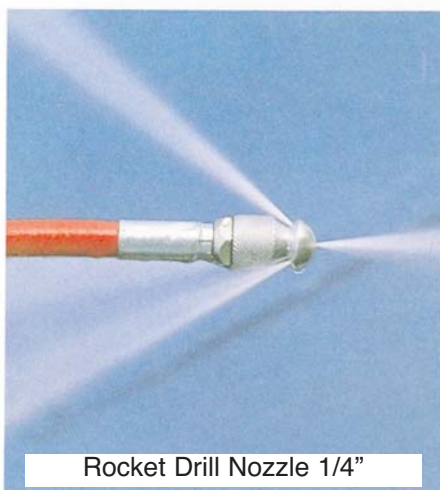

Turbo Drill Nozzle 3/8"

Cleaning clogged drain pipes easily with OERTZEN high pressure drain cleaning equipment.

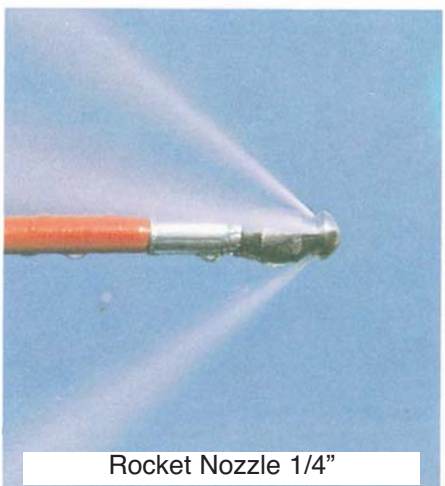

HP aggregate 312 Profi removes all residues quickly and economically with its drain cleaning set of hoses and nozzles of 1/4" or 3/8" size. These are rocket, rocket drill and rotating nozzles that move their way up through pipe systems by repulsion. Low friction hp hoses with nominal diameter 6 or 8 for max. 500 bar working pressure

Turbo Rocket Nozzle 1/4"

Rocket Drill Nozzle 1/4"

Rocket Nozzle 1/4"

- cleaning pipes up to 350 mm diameter with 3/8" and 200 mm with 1/4" equipment, easygoing, versatile and durable.
