OERTZEN accessories* at work. Ensuring highest cleaning efficiency.

**TORNAZDO**
Water-conserving system with long-life high pressure water jet for washing, cleaning and degreasing while saving water.

**TURBO-BLAستر**
Compact nozzle with rotating water jet for cleaning, de-fatting and degreasing.

**MONOON/ANDO**
Water-saving system for soft-touching (e.g. refinement, pressure and abrasive adjustable at pistol) for minimizing surface damage.

Perfect removal of obstacles signage on 250 m high chimney with water-sand-blasting system TORNADO and borocarbide nozzle complete with helmet, visor, ear mufflers and protective glasses. Working outdoor on wet surface? Just operate the sweeper and shut down the vacuum. Professional wet cleaning of PVC, linoleum and the like, artificial and natural stone as well as tiles create no problem for these machines. Thorough and preservative cleaning becomes profitable due to high working capacity. Brushes and aspiration are driven by strong and robust battery motors. Moreover the BA 670 model is equipped with adjustable drive and integrated battery charger.

**TIR Internal Tank Cleaner**
Compact, fast, easy manoevrable - the OERTZEN scrubber.

**OERTZEN sweepers, scrubbers, wet & dry vacuums for floors of any size and any kind - indoor and outdoor.**

Quick, handy and solid - indoor and outdoor - with electric or gasoline engine drive – OERTZEN provides in any case the suitable sweeper.
